**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a small business owner in Sebastopol and I for one know we need all companies large and small to keep a healthy economy. I use Sonic for my business because I know upfront what I'm getting and don't have to call every month about my bill.

If we, as consumers have less choices for phone and internet access then just like health care, we will be priced gouged right out of being able to have any service at all. By allowing the FCC to pass this, you are allowing a monopoly for internet and phone service.

Please do not go through with this and continue to all America to be free to have equality for all businesses large and small.
